PROJECTS

Portfolio - Personal Website

Mar 2024 - Apr 2024

Web Development

I created and implemented a clean, minimalistic design aesthetic for my personal website. The website exhibits fluidity, offering a smooth user experience that favorably portrays the core of my portfolio.

Wearable Sign Language Audio Converter - Project

Dec 2023 - May 2024

Assisted Development

Assisted project development in planning and executing project, ensuring adherence to project timelines and deliverables. Contributed to the CSV file's development for the KNN machine learning algorithm. This project helps the deaf and dumb people to converse in an efficient manner.

Smart Circuit - Mini Project

Dec 2022 - Mar 2023

User Interface : Web Development

I took charge of designing and implementing the user interface to ensure a user-friendly and intuitive experience. Through thoughtful design choices and attention to detail, I aimed to enhance usability and functionality, contributing significantly to the overall success of the project.
